

# A new future for Worthing Town Centre and Seafront

We are continuing to build a plan to guide the future development of our town.

In November you told us what you thought about the town centre and seafront and your ideas for change. These ideas helped us form options for how the town could develop in the future. Now we need your views again.

Come along and let us know what you think.

10am - 3pm  
Saturday 28th January  
The Guildbourne Centre  
Worthing

Your views have been vital in developing the plans. Please continue to play a part.

The exhibition will also be on display at the Town Hall Reception from Monday 30th January - Friday 10th February.
